00170 Helsinki
Finland

PROFILE

Dr. Jorden Senior is a Finland-based artist and researcher working with analogue photography and experimental darkroom processes. Their practice often draws on their background in quantum physics, entangling scientific concepts with the alchemy of photographic chemistry to explore themes of materiality, decay, and transformation.

EDUCATION

Aalto University, Finland — D.Sc.(tech), 2019
Lancaster University, UK — M.Sc., 2015

WORKSHOPS

Large Format Mordençage & Film Soup - Ella Morton, Vaasa, Finland, 2025
